Dear All Followers and Prayer and Support Friends,

Your Life Is In His Loving Hands

We have an update for you.

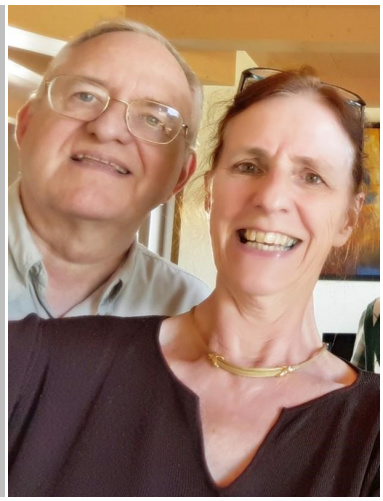
We are in a low population area with close access to Muslims to whom we share Jesus as Lord. Though in an upper age category, and more able to contract Covid, we have been very careful with social distancing. We have close friends and family members who have contracted Covid and even passed away. We have grief, even with all of you who have lost loved ones. The world is in conflict and darkness. Evey's dearest friend just passed away into the arms of Jesus, where there is no darkness.

France has received Afghan folk who have been able to flee the country, many of whom were loyal to the US. Two things come to mind. First to pray for them, love them, and care for them. But they also know the darkness of Islam and are therefore open to our and your sharing Jesus with them. There is a window before they become too settled into some of our own cultural vagaries because we are not all perfect either, but very redeemable.

Thank you, each supporter, who has made my travels as a spiritual father possible by your financial generosity. Each month is a miracle to see support from our dearly committed donor friends, without which we could not minister for one single month. Really.

God's unfailing love,

Don and Evey



We are shifting our focus to both Algerians, Moroccans, and any Afghans that we can locate. We will be able to model to you things that work, or that which seems to have transformed these Muslims into kingdom warriors. The time is passed for us to just seek spiritual betterment for ourselves, but to obey the Lord's commands to make disciples of all nations. I'm not slowing down in our outreach to Muslim families. Some radical things are happening that we do not hear of. Thousands of born-again Jesus followers have left Afghanistan. Still, many more thousands of converted Muslim Afghans remain behind. Pray for them, because they may not survive the terror. Jesus said, "In this world, you will have persecution. If I was persecuted, so will you be.

Pray for us to be strong in this Covid infected world, not just for our sake, but to run the race and to finish well the task of bringing Muslims into Kingdom warriors.

Pray for life beyond our own comfort zone where we can welcome other Muslims and others.

With the deaths that have occurred in our network of close friends and family members, we have a true sense that the Nigerians always say: The hearse does not have a roof rack. (You can't take "stuff" with you to heaven. No room in the carry-on bag.) The things of this earth are losing their allure when you see loved ones passing away. Jesus has not lost His power already entrusted to us.

Thank you for your strong prayer and support. It all counts for his kingdom as we share our all with others. Keep safe and fight for Christ and Christian values be lifted up where you live. No, we are not all evangelists. But that is why Jesus said that just giving a cup of water in His name is giving it to Him.

You are giving even as He gave. You are warriors and faithful and godly. Keep it up, and God's redemption is all over you.

Love from Don and Evey

I found that it is true that no Muslim comes to Christ just with a vision, but rather with the reading of the Word of God.
