Simeon and Eileen Heckman, parents of 4 kids in Denver, have been offered a high level of certification also in Epic, a computer language, nursing computer IT and brewing the best coffee anywhere.

"Tomorrow I fly to the Mediterranean - to an island where the Apostle Paul was shipwrecked and bitten by a snake (Acts 28). Pray that neither happen to me, Don, as I make my connecting flight in Istanbul on Sunday." Thanks to Ed and Joan Hornak for these illustrations.

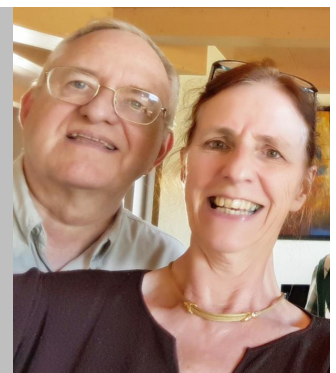

In Malta, I am on the Steering Committee to help strategize 600 North African Muslim converts, leaders, pastors and young visionaries. We hope to have inter-nation exchange to help exchange stories of success, danger, setbacks, unity and teaching to be bold in the face of extreme government clamping down of any church or Christian activity. No Muslim country exists without a dictator and forced Koranic adherence. Social media is so powerful that it literally goes over the heads to computers and TV but of course does not build the local "jamaats" or church fellowship groups. That's critical.

Love and thanks for your care and prayer from Don and Evey Heckman to you. Please write to us about support, partnership as individuals or as churches with this ministry.

Don and Evey, Yours

I'm writing my second book now. It was originally a book on ISIS in Algeria, but now with ISIS on the run and Boko Haram (no books/learning) becoming stronger, the second book will show the perseverance of Christians in Algeria who are often stronger converts (from Islam) than we are. Wow!

I lost one of my most trusted and knowledgeable Muslim convert experts, the passing of Margorie. And all glory to God for gracing us with Billy Graham for a century less one year. Who will replace these irreplaceable people?

We have to pray and to go boldly to serve Him.

New things on the horizon for us include a Muslim convert leadership gathering in Lyon, France, in April, where Muslim leader converts will be moving together in worship, teaching and planning for reaching Muslims in France.

Do you fear inviting a Muslim family into your home for a meal? Or vice versa? The whole month of September I will be teaching in US churches how to overcome fear and to boldly invite Muslims in. I met Mo Mo again in the phys ed pool yesterday and told this Muslim that I had Jesus talk to me. He plead with me to reveal what Jesus said to me. No, it is too private, I said. Going wild, Mo Mo said, "Jesus must have said he will return to judge the world." Muslims are so scared about being sent to endless darkness, without hope. I just said, "I love and adore my Jesus." He said, "Jesus is alive." I'm happy.
